Instructions for building the entire tool chain required for ccaffeine and executing component simulations on the BG/P, Surveyor.

- <u>BG/P, Surveyor build instructions (GNU).</u>
- <u>BG/P, Surveyor build instructions (IBM).</u>

- <u>Surveyor bocca test project (GNU).</u>
- <u>Surveyor bocca test project (IBM).</u>

- <u>Link to older (prior to Oct 7th 2010) build instructions.</u> These may be useful for debugging problems that arise that aren't covered in the instructions above.
